

product solution

Diamond Chase Static Double Hollow (DT) Series

The Static Double Hollow series is a part of the Diamond Chase Stretch and Glue screen printing frame system. They are manufactured from high-quality, custom made extrusions. Specifically designed by Diamond Chase, these profiles have rounded edges for comfortable handling and are engineered for the strength and weight characteristics required. Each frame is welded watertight, leveled, and sandblasted for excellent adhesion.

FEATURES

- High quality, custom rounded extrusions
- Welded watertight, leveled and sandblasted for excellent adhesion
- Optional pre bow, threaded inserts, and locator bushings
- Double hollow options for greater tensioning capacity, reduced frame deflection, stronger, with greater image area

PROFILE OPTIONS

Type	Diagram	W x H	Ideal Max. Size
DT-150		1.5 x 1.5 in	50 in

product solution

Diamond Chase Static Double Hollow (DT) Series

Type	Diagram	W x H	Ideal Max. Size
DT-200		2 x 2 in	60 in
DT-250 LP		2.5 x 1.625 in	84 in
DT-250		2.5 x 2 in	105 in
DT-400		4 x 2 in	172 in
