DOUTHITT Model DMZ-T Screenmaker

The DOUTHITT Model DMZ-T is a small format angled direct method screenmaker featuring a 2,300 watt metal halide printing lamp assembly complete with special exhaust system.

The integrated DOUTHITT Heavy Duty Model MAGIC 83 10 channel memory combination light integrator and digital timer allows for fully automatic operation along with the frame-closure activated vacuum delay and light exposure control. Finger tip control of the blanket frame is achieved through an exclusive patented spring and fulcrum system that also clamps automatically.

Additionally, the Model DMZ-T features a large external exhaust assembly and a convenient instrument panel mounted on the side of the unit.

FEATURES

- Automated start and cancel
- Easy loading height
- Guaranteed coverage
- Reduced floor space
- Self-contained light source
- Glass-down design
- Heavy duty vacuum pump and motor
- Cooling fans to prevent excessive heat build up
- Heavy gauge metal construction
