Dynamesh DYNACHEM Press Wash

DYNACHEM Press Wash is a quick evaporating press wash designed for cleaning most types of ink off screens during on-press color changes and before storing screens. It is ideal for removing ink from squeegees, floodbars, and other equipment as well.

FEATURES

- Effectively dissolves most inks, including conventional/solvent, UV, plastisol, water based, silver, and carbon
- Flash point of 118°F (48°C)
- Leaves no residue
- Can be used manually or in automated equipment

PURCHASING OPTIONS

Available in

1 Quart, 1 Gallon, 5 Gallon, 55 Gallon sizes

Contact your sales representative for additional information on our competitive pricing and volume discounts
