

product solution

Fimor serilor® D "Diamond" Series

Serilor D blades are designed for high precision screen printing applications such as PCB's, solar panels, CD's, etc. Made with a superior abrasion and aggressive inks resistant polyurethane, serilor D blades offer a long life and a perfect knife-cut printing edge.

Each serilor D blade is inspected for edge quality and profile.

FEATURES

- Excellent resistance to UV inks
- Excellent resistance to abrasion
- High environment stability
- Individual package and batch information printed on each blade
