

product solution

Fimor serilor® SR Series

Serilor SR squeegee is an all purpose polyurethane blade with good combined resistance to chemicals and abrasion. It was developed to withstand a variety of screen printing applications. The industry standard S1 is a universal grade, an ideal choice for non-critical abrasive application or when using common screen inks.

The SR squeegee blade is a part of the Fimor serilor series. This blade's resistance to abrasion allows for effective use with electronic and industrial graphics, automated textile printing, and other manual or automatic equipment.

Serilor SR blades are manufactured with a centrifugation process to avoid bubbles and craters in the material and to bring optimal homogeneity to the compound, even at the core of the material and after grinding.

FEATURES

- Good resistance to chemicals and abrasions
- Sharpens easy
- Color coded for easy identification
- High environment stability
- Individual package and batch information printed on each blade

PRODUCT OPTIONS

Durometer Range

65, 75, 85 sh (Single)

65/90/65, 75/90/75 sh (Triple)

Color

Red, Green, Blue

Profiles

- P0** Straight square edge (**SR1 & SR3**)
- P1** Double bevel + flat land 60° angle + 1mm flat ($\pm 0,5\text{mm}$) (**SR1**)
- P5** Double bevel (V type) (**SR1**)

product solution

Fimor serilor® SR Series

P6 Single bevel 45° angle (SR1)

D «Diamond» square profile (SR1)

Dimensions

1x0.1875 in (25x5 mm) (Single/ Medium or Hard)

2x0.375 in (50x9.5 mm) (Single or Triple/ Soft, Medium, Hard)

PURCHASING OPTIONS

Available in

12 Linear Ft Rolls

Discounts available on multiple roll purchases. 2-4 rolls: 5%, 5-9 rolls: 10%, 10+ rolls: 20%
