

RhinoClean™

PRODUCT DATA SHEET

SW166™ Screen Wash Degradent

Description

- A water-soluble screen wash designed to work quickly on Plastisol and UV Inks.
- It evaporates slowly and any residue on the screen can be rinsed off with water.
- Ideal for use in automatic screen cleaning equipment after the press run.
- Has a higher flash point than lacquer thinner, alcohols, ketones, etc.
- Biodegradable, non-toxic and environmentally friendly.

Directions

1. Use SW166™ in conjunction with automatic equipment, such as the **RhinoClean™ T2536-IR-2 Ink Removal System**, to apply screen wash to the screen.

It is the responsibility of the screen printer to test the product; review the MSDS prior to use to evaluate whether or not the product is correct for the application intended.
